Rail-Transloading Services

You can ship your products by rail efficiently and cost-effectively as Budway is directly dual-served by both railroads serving Southern California. Our Fontana terminal is switched daily, and our five rail spurs enable us to spot 60 railcars simultaneously, providing you with fast and efficient transloading of your product.

In addition to our thirty-ton overhead cranes, your product can be transloaded using a number of lifts, including 50,000 pound exterior forklifts and a variety of boxcar lifts with capacities from 5,000 to 35,000 pounds. Budway has the expertise and equipment to transload your materials from coil cars, boxcars, center beam cars, flat cars, and gondolas.

Direct, Dual-Rail Service

- Burlington Northern Santa Fe Railroad
 - Kaiser Yard, Tracks 9101-9105
- Union Pacific Railroad
 - Kaiser Yard 32, Tracks 731-735
